VAN SCIVER'S DUTCH GARDENS
TANNERSVILLE-IN-THE-POCONOS-PENNA.

1961 PRICE LIST

Tulips----Hyacinths-----Daffodils & Miscellaneous Bulbs

VISIT OUR DUTCH GARDENS

Spring Bulb Display---April thru May (depending on weather)

Tuberous Begonia Display-----July until frost

Varieties marked "S" on this list are the Spring varieties shown at Sterling Forest Gardens in New York. These, and most of the other varieties listed are on display in Spring at VanSciver's Dutch Gardens, Tannersville, Pocono Mts., Pa.

You will receive additional notification when the display period begins.

We urge you to visit Sterling Forest Gardens and the VanSciver Gardens, to see and admire the many varieties on display. You'll find it most satisfying to actually see the varieties you may wish to order. No catalog can truly picture or fully describe the many differences in color or shading. A picture labeled "Delft Blue" or "Geranium Lake" means but little to the mind's eye----and a variety listed as "tomato red" may not interest you; but when actually seeing this variety in bloom you would be able to drink in its real beauty and say "That is just the shade I've been seeking". Here, you can really see what you order and be completely satisfied. Order early and be ready for fall planting.

ORDER EARLY -- by June 1

Fall bulb planting time arrives quicker than you think. The supply of the choice select quality bulbs is always limited, and our growers must be notified well in advance (no later than June 15), those varieties we wish reserved, dug, cured and shipped to us----to deliver promptly to you early in fall. For the most complete satisfaction to you and to be assured of receiving the varieties you desire, it is suggested that you order these varieties when you visit the gardens in the Spring. Delay may mean that some of your favorite varieties will not be available later.

Use this handy detailed list or one of our "Early Bird" Special dollar savings lists for checking the varieties that you like the best, when visiting the display gardens. Then, place your order by June 1.

We are always happy to answer questions and assist you and your garden in any way. We teach you how to group, row, and clump your bulbs plantings to best advantage, and how even a few bulbs can bring you the wealth of Spring beauty. If you are unable to visit us, we will be happy to answer your letters.

HYACINTHS 18/19 ctm.

Amethyst - Lilac, soft violet	4	\$1.50
S-Anna Marie - light pink	4	1.00
S-Bismarck - Dark sky blue	4	1.00
